

FOLDING THE POCKET FLAG

1. To fold the flag correctly, bring the striped half up over the blue field.

2. Then fold it in half again keeping the cut edges on top. Rotate the flag 90 degrees so you are working from the bottom up for the next steps.

3. Bring the lower striped corner to the upper edge, forming a triangle.

4. Then fold the upper point in to form another triangle. Continue until the entire length of the flag is folded.

5. When you get near the end—nothing but the blue field showing—tuck the last bit into the other folds to secure it using a Popsicle stick.

6. The final folded flag resembles a cocked hat with only the white stars on a blue field showing.

WHEN THE FLAG IS PROPERLY FOLDED THERE IS **NO RED SHOWING** AT ANY POINT OR ON ANY EDGE.
